SHALLENBERGER IS ON LIST

Nebraska's Governor Will Speak at Iowa Democratic Dinner.

STREET CAR MAN FOR CHIEF

Des Moines Commission Makes Few Appointments Under New Regime—W. O. Payne Will Oppose Hall.

(From Staff Correspondent.)

DES MOINES, April 6.—(Special Telegram.)—The democratic committee today announced speakers for the banquet Friday evening, including Father Nugent, Judge M. J. Wade, Frank Rinehart, L. T. Hinchman, John D. Denning, General J. B. Weaver, Claude Porter, Wilbur Mayo, Dan Hamilton, J. M. Parker, Harry Evans, Jerry Sullivan and Governor Shallenberger of Nebraska.

The newly elected city commission for Des Moines only partly completed the reorganization of the working force of the city today, and is having almost as hard a time securing harmony as the old one did two years ago. Today George Yeager was named chief of police. He has long been connected with the street car company as a claim agent and looking after court matters. Neal Jones, formerly clerk to Mayor Mahis, was made city clerk. Will Burnett was re-elected fire chief. The police judge and others have not been agreed upon.

Penn College Deal

It is informally learned that an agreement has been reached between Penn College from Oshkosh to Des Moines to occupy the buildings of Highland Park college, and perhaps to effect consolidation with the same. The owners of the college will not admit that the deal is closed, but it is generally believed that it will be soon announced.

New Candidates in Field

The announcement was made today that W. O. Payne, editor of the Nevada Republican in Story county, will be a candidate for congress against Hull and Prouty in the Seventh district; also that Charles Glick of Davenport will be a candidate in the Second district, which probably will have no opposition for the republican nomination. Payne is the original anti-Taft man of Iowa and a staunch stand-patter.

Scale Committee Meets

The wage scale committee of the Iowa mine operators met this afternoon for its first session. The use of mining machinery will be the subject of the first part of the meeting. The committee will be composed of two mine foremen, one at Durfee and the other of the Mount-Evans mine in Des Moines. It is expected that the meeting will be exciting.

FIRE AT NORTH POWNALL, VT.

Church in Which James A. Garfield Taught School Among Buildings Destroyed.

NORTH POWNALL, Vt., April 6.—Fire today destroyed three buildings here, causing a loss of about \$75,000. Among the buildings destroyed was the Congregational church, in which former President James A. Garfield taught school while a student at Williams college.

Taft Cancels Indianapolis Engagement

President Curtails His Western Trip Several Days and Will Not Visit Hoosier Capital.

WASHINGTON, April 6.—President Taft has cancelled his engagement to visit Indianapolis in May 5. While no statement has been issued in regard to this decision, it is believed to be the direct result of the events in the Indiana state republican convention yesterday.

It is not admitted at the White House that the president had a definite engagement to visit Indianapolis, although dispatches from that city several days ago announced that the president would be there from 2:30 p. m. until midnight of May 5.

In view of the circumstances surrounding yesterday's Indiana republican convention, it was said by friends of the administration today that if the president should visit Indianapolis at all, he would most likely feel compelled to express again his well-known views regarding the Payne-Aldrich tariff bill.

It was argued if the president should do this it might be interpreted adversely to Senator Beveridge, and rather than put in the attitude of the president, Indiana, a wide berth in his forthcoming visit to the middle west.

No matter what Senator Beveridge's attitude towards the administration may be, the president told his callers today, it is said, that he had no doubt in his own mind that he would not visit Indianapolis. The president is anxious for republican success in Indiana and hopes that the republicans under whatever leadership they choose may be able to turn the tide against the democrats.

It was said at the White House today that the president's trip west, which begins April 29, probably will be curtailed several days, and it was intimated that this was likely responsible for the failure to visit Indianapolis.

The president had planned to spend three or four days in Chicago, but it is now likely that he will be there only on May 2. He will be in St. Louis May 4, according to the revised plan and be back in Washington the morning of May 6.

INDIANAPOLIS, April 6.—The invitation

was extended to the president by former Vice President Fairbanks soon after his return from his world tour. In a telegram to the president, Mr. Fairbanks said the citizens of Indianapolis and the state would be pleased to extend him a genuine welcome if he would arrange to visit the city on his trip west.

The president accepted the invitation and plans were made to give the president a generous greeting.

Mr. Fairbanks expressed great disappointment when informed today that the president had decided to cancel his visit here and said he would immediately send a telegram urging him to visit the city if he could do so.

"I sincerely hope," said Mr. Fairbanks, "that Mr. Taft may reconsider the matter and visit Indianapolis. I know the people of Indiana will be glad to extend to him the genuine hospitality for which they are noted."

President William H. Miller of the Commercial club, President A. Q. Jones of the Board of Trade and other citizens expressed similar sentiments. It is expected a meeting will be called and an effort made to have the president visit this state.

Fairbanks and all those associated with him in the preparations for the reception of President Taft declined to discuss the report of the cancelling the engagement was due to the action yesterday of the state republican convention which did not endorse the new tariff law and did endorse the course in the senate of Senator Beveridge, who voted against the law.

CLEAN SWEEP FOR SOCIALISTS

New Party Elects Mayor of Milwaukee and Controls Council.

WILL NOW TRY OUT THEORIES

Platform Calls for Three-Cent Car Fare, with Seats for All, Cheaper Gas and Work for Unemployed at Union Wages.

MILWAUKEE, Wis., April 6.—The social-democratic party, which swept Milwaukee city and county in yesterday's election, has today announced its platform for mayor, 7,196 plurality according to complete returns, or about 1,000 fewer than approximately late last night from the incomplete returns. Seidel's plurality is the largest in the history of Milwaukee's municipal elections with the exception of the election of 1906, when David S. Ross, democrat, had 7,849.

The total vote: Seidel, 7,722; V. J. Schoenacker, Jr., democrat, 20,313; Dr. John M. Bieffel, republican, 11,362.

The new council consists of twenty-one social-democrats, ten democrats and four republicans.

In the new board of supervisors there will be eleven social-democrats, three republicans and two democrats.

The social-democrats elected two out of seven civil judges.

Ten bond questions, providing for various city improvements, carried.

The result of the election in Milwaukee gives the social-democrats practically complete power in civic matters for the next two years.

Platform of Socialists

Many reforms are advocated by the social-democrats, which they will now attempt to put into effect. In addition to home rule for the city, the initiative and referendum, for which all three parties stood, additional measures which the socialists advocate include municipal ownership, the sprinkling of streets by the street railway companies over its various lines, a seat for every passenger in street cars, 3-cent street car fare, eight-hour day for labor, cheaper gas, municipal light plants, full share of taxes by corporations, cheaper bread, and work for the unemployed at union wages at an eight-hour day.

As the street railway company has a franchise which governs its rate of fare, and owing to the fact that the state railway rate commission regulates the matter of fares, the new political power in Milwaukee probably will not be able to bring about any changes in this line.

Home rule cannot be brought into effect unless through legislative enactment, which failed at the last session of the legislature.

City Owns Gas Plant

Milwaukee now has its own municipal gas plant and water works and efforts to establish a municipal electric light plant some time ago were blocked through a legal technicality with regard to bonds. This, however, may be overcome under the new administration.

Mayor-elect Seidel does not look on the victory as a personal one. "The defeat of the capitalist party was foreordained because it stood on wrong principles," said the new mayor.

Victor L. Berger, a prominent socialist and a national character and also political adviser to the mayor-elect, and who was elected alderman-at-large, says the citizens of Milwaukee, even the moneyed interests, need have no fear during the socialist's regime. Everybody, he says, will get a square deal.

There will be a thorough cleaning out of the city hall of persons who have held civic power over a long period of years. Among the more important positions to be filled are those of health commissioner, city engineer, building inspector, commissioner of public works, water register and a member of the police and fire commission.

Chicago Grain Firm Suspends

W. H. Merritt & Co., One of the Largest Cash Houses in City Fails.

BURGLAR CONFESSES

MURDER OF WOMAN

Man Who Killed Miss Martha B. Blackstone of Worcester, Mass., Is Bertram G. Spencer.

CHICAGO, April 6.—Suspension of the cash grain house of W. H. Merritt & Co. was announced on the Board of Trade today. Customers were notified to close out their trades.

W. H. Merritt & Co. has for many years been one of the most important firms in the cash grain trade and the failure caused great surprise.

The reasons for the suspension are closely allied to those which on Monday forced another cash grain house—the Burns-Yantis Grain company—to suspend, namely, the decline in corn prices recently. Eastern customers of the Merritt company, having bought at the high price for later delivery, are said to have repudiated their contracts with the market decline.

This forced the brokers to seek other buyers for their grain, and while holding it much of it "went hot," or in other words, rotted.

A member of the firm declared creditors would be paid in full.

SPRINGFIELD, Mass., April 6.—Bertram

Gage Spencer confessed today to the murder of Miss Martha B. Blackstone at the home of Mrs. Sarah J. Duce on Round Hill, this city, last Thursday night.

Spencer also confessed to the commission of a long series of burglaries.

Miss Blackstone and Miss Harriet P. Duce, school teachers, were shot by a masked robber, who entered the Duce home on the evening of March 21. Miss Duce is recovering.

In his confession Spencer said he did not intend to kill Miss Blackstone or wound Miss Duce. He said that when he saw the women in the house he was frightened and that he fired his revolver on impulse rather than with any intention of injuring anyone.

Spencer was arraigned on the charge of murder today and held without bail for a continued hearing April 15.
